West's Pictures

They are going strong at the Shaftesbury Hall. The fresh films this week include a fine series of "Julius Caesar," also "Paris School Children's Outing," "Lighthouse Keeper," "Lake Constance," and several new comic pictures. The New Zealand Twins, Misses Aileen and Doris Woods, have proved one of the most popular turns ever introduced by Mr. T. W. Kingston (Mr. T. J. West's Manager). Next week the new Australian Violinist, Miss Leila Waddell, will make her first appearance in this country, and we shall renew the acquaintance of Mr. Fred Hudson who is always so welcome in our midst.
