AMONG THE NEW BOOKS

In "I. N. R. I., De Mysteriis Rosae Rubeae et Aureae Crucis" by "ONE Whose Number is 777" there is offered what purports to be a disclosure of the true symbolism of the Rosy Cross," under the form of an admonition to an "Adeptus Minor of the R. R. et A. C." It turns out to be a Cabalistic interpretation, rather than Rosicrucian, but is of considerable interest to Rosicrucians as well as Cabalists. It is probably the work of Frater Achad, a number of whose books are advertised in the back of the attractive brochure.
