

ΚΕΦΑΛΗ ΚΑ

THE BLIND WEBSTER

It is not necessary to understand : it is enough to adore.

The god may be of clay : adore him ; he becomes GOD.

We ignore what created us ; we adore what we create. Let us create nothing but GOD !

That which causes us to create is our true father and mother ; we create in our own image, which is theirs.

Let us create therefore without fear ; for we can create nothing that is not GOD.
