ALTERNATIVES TO THE GOSPEL.

CHICAGO.

How shall we classify Frater Achad? He is a special messenger of the Great White Brotherhood. He interprets the teaching of the New Aeon. His subjects are mystical and mystifying enough: "If," "Aha," "The Mystic Quest," "Magick, the Science of Life," "The Power of the Sphinx," "The Occult Path." He is one of a few men, sometimes called adepts, who have worked out a new system adapting the wisdom of the East to the practical problems of life. He holds forth in a public hall under the name of the Temple of the Holy Graal. High class music and free will offerings are part of the program.
