

THE PHILOSOPHY AND FUN OF ALGEBRA. By MARY EVEREST BOOLE. C.W. Daniel, 2s. net.

Mrs. Boole is as convenient as Mr. Lillie from the standpoint of the poet. I am sorry for the children who search this book for fun, and there is as much philosophy as fun.

The book is as of a superior person stooping to instruct lesser minds, and so wrapped in the robe of priggishness that the voice is muffled.
