

The
International

For JANUARY 1916
has already aroused discussion

SIR ROGER CASEMENT'S BRILLIANT STUDY OF SIR EDWARD GREY in that issue is one of the reasons why so many people are talking about *The International*.

The other reasons are:

"THE LIGHT IN THE WINDOW." A realistic comedy of American life.

"ARMS AND THE WOMAN," by Agnes von Harnack, an astounding revelation of what the German women are doing to help the cause.

"AMERICAN RIGHTS AND ENGLISH INSOLENT," by Congressman Henry Vollmer, an article which will make every real American blush for shame.

**"THE CRIME OF
EDITH CAVELL"**

another illuminating contribution by Aleister Crowley, and many other splendid articles, poems, and stories.
