## WITH THE GERMAN ARMY IN THE WEST

By SVEN HEDIN

This huge book contains more interesting facts and pictures than any volume written about the Western front. Sven Hedin, the noted explorer and journalist, was given special permission by Emperor William to go at will through the German lines in France and Belgium. The amazing spirit of loyalty and co-operation, the courage, the co-ordination, he found there, the immensely interesting life, the vast German army, its equipment and armament are brilliantly described in Sven Hedin's great book. This work opened the eyes of England to the impregnable strength of Germany and her guardians. It will make you proud of the German soldier and his officers.
